

"DRY" FORCES TAKE FULL CONTROL IN HOUSE

Stand Solidly Against Attacks on General Enforcement Bill

WASHINGTON, July 14.—Prohibition forces took full control in the house today, refused to permit a vote on a straight-out motion to repeal the war time act, defeated overwhelmingly an amendment providing for the sale of two and three quarters per cent beer and stood solidly against all attacks on the general enforcement measure. Just as fast as one "liberal" amendment was offered by opponents of prohibition it was voted down, without a vote on a straight-out motion to repeal the war time act, defeated overwhelmingly an amendment providing for the sale of two and three quarters per cent beer and stood solidly against all attacks on the general enforcement measure. Just as fast as one "liberal" amendment was offered by opponents of prohibition it was voted down, without a vote on a straight-out motion to repeal the war time act, defeated overwhelmingly an amendment providing for the sale of two and three quarters per cent beer and stood solidly against all attacks on the general enforcement measure.

Blanton Starts Disturbance.
The disturbance arose first during an attempt by Representative Blanton, Democrat, Texas, to speak a second time against an amendment which would have given a jury the right to decide on the amount of liquor to be sold. He was interrupted by Representative Gallivan, Democrat, Massachusetts, who declared members voting dry should print in the congressional record exactly how much liquor they had stored in their homes and offices.

The real battle of the day, however, was over the amendment to define an intoxicant as a beverage containing more than two and three quarters per cent alcohol instead of more than one half of one per cent as written in the bill. Representative Dyer, Republican, Missouri, author of this amendment did not ask for this definition in the constitutional prohibition amendment but simply in the war time law. In pleading for its adoption, Mr. Dyer declared it was what President Wilson had recommended to congress and would permit, during the remaining period of war time prohibition, the sale of light wines and beer and might delay issuance of a proclamation by the president which would restore the sale of "hard" liquors.

Hour of Speechmaking.
There was an hour of speechmaking on the motion, with the "drys" assailing it as an entering wedge, and the wets, asserting that it merely would permit the very thing the president as commander-in-chief of the army had said was best for the country for the next six months.

After two and three quarters per cent beer had been bowled by the majority vote of 151 to 96, and this with about the relative division on all amendments—the prohibitionists went after another amendment by Representative Igoe, Democrat, of Missouri, which would have stricken out all definition of intoxicants, killing the proposal, 128 to 83.

There was the utmost confusion of times, despite the wets, who with a few and some of the prohibition leaders applauded every move in their favor. The galleries, filled largely with women, officers of anti-liquor organizations, broke into applause when the house roared its disapproval of two and three quarters per cent beer.

And then when it was seen that the majority was weary of voting down every proposal by the other side, points of order were raised and some motions designed to make the law less drastic were picked up by the nape of the neck, as members expressed it, and bodily thrown out. This happened to an amendment by Representative Lea, Democrat, California, in the interest of grape growers, who stood to lose twelve million dollars this year, he said. It provided for the manufacture of wine containing eleven per cent alcohol by weight. A point of order against it was sustained by the chair.

Defeat Longworth Amendment.
There were other points of order on other proposals, but the most important was the defeat of Representative Pell, Democrat, N. Y., which would put determination of intoxicating qualities of certain beverages up to a jury, was ruled in order, only to be knocked out on an aye and nay vote, a division, and again after the call for tellers and the slow march of members thru the center aisle of the chamber, to be counted. This was the usual proceeding, the "wets" always being able to muster enough of their numbers to support the demand. When the house got thru with the jury proposal it went after an amendment by Representative Longworth, Republican of Ohio to strike out the whole of the first section of the war time enforcement bill, with its one half of one per cent alcoholic definition. In answering the amendment Longworth frankly told the house that it got by he would move to strike the whole war time title. So the house defeated it.

Minor amendments ran the blockade, one being passed on a record vote of the chamber to the extent that Chairman Volstead of the judiciary committee.

Ford On Stand; Testimony Of Small Interest

MOUNT CLEMENS, Mich., July 14.—The third month of Henry Ford's \$1,000,000 libel suit against the Chicago Daily Tribune got under way in Judge Tucker's court today with Mr. Ford on the stand, called by The Tribune. So much of the evidence consisted of editorials from the Tribune or articles from the Detroit Free Press that there was little testimony from the witness himself. This came on cross-examination and re-direct examination it was said. Today he said "yes" or "no" a few times and that was about all.

The court room was again jammed, as it has been since last Thursday when Mr. Ford first appeared to be sworn. The testimony of his son, Edsel B. Ford, however, took all of Friday and half of today's session. The latter's evidence today dealt entirely with cost and profit figures of the Ford Motor company on war contracts. The witness said that the differences of opinion among accountants surveying the Ford books for the past two months to ascertain just what were the personal profits of Henry Ford, so that he may return them to the government were technical and that an umpire from the treasury department was called in to make certain that an absolutely fair and just judgment might be had. He denied that it was an attempt to increase his father's profits.

Henry Ford was examined by Attorney Elliott G. Stevenson, representing the Tribune.

Tribune editorials of 1914 eulogizing Mr. Ford for the introduction of the \$5 a day minimum wage and Mr. Ford and the Tribune, which was a vigorous advocate for the relations of employer and employee, were read to show that at that time the Tribune bore him no ill will, but on the contrary admired him greatly.

The name of Theodore Delavigne, a Free Press reporter, who became a peace publicity man for Mr. Ford, appeared in the testimony. The employment of Mr. Delavigne, it appeared, was the beginning of Mr. Ford's efforts looking to the disarmament of the world and the establishment of universal peace for which purpose it appeared from one of Delavigne's articles, Mr. Ford set aside \$1,000,000. It was on this subject that Mr. Ford and the Tribune, which was a vigorous advocate of preparedness, parted company, the witness admitted. Mr. Delavigne quoted Mr. Ford as stating that the rest of his life would be dedicated to establishing universal peace.

Mr. Ford will resume tomorrow.

LARGE INCREASE IN DELIRIUM TREMENS

Chicago, Ill., July 14.—An increase of approximately thirty per cent in the number of sufferers from delirium tremens, is shown in the report of the city health department for the first two weeks of July as compared with a similar period of last year. Seventy-five cases of delirium tremens were received at the hospital of the city from July 1st, when war-time prohibition went into effect to today as against 60 during the same period a year ago.

DISMISS ALL SUITS AGAINST CUNARD CO.

NEW YORK, July 14.—A final decree dismissing all damage suits against the Cunard Steamship Co., as the result of the torpedoing of the Lusitania, and barring any similar suits which might be brought in the future, was signed today in the United States district court by Judge Julius M. Mayer. A total of 64 claims, totalling between \$5,000,000 and \$6,000,000 had been brought against the company.

In his decree Judge Mayer intimated that the claimants might be reimbursed for their pecuniary losses thru indemnities collected by the United States from the German government.

SHIP DELIVERIES.

Washington, July 14.—Ship deliveries in June totaled 118 of 578,583 dead-weight tons, an increase of 106 per cent over deliveries during June, 1918, according to an announcement today by the shipping board. Ships launched numbered 97 of 504,200 dead-weight an increase of 111 per cent over the same month last year.

GIRL DROWNS IN RIVER

Hannibal, Mo., July 14.—Miss Tenie Tucker, 20 years old, was drowned in the Mississippi river late yesterday afternoon. She was one of an outing party on Pearl Island, opposite Hannibal, and was drowned while bathing. The body has not been recovered.

EMPLOYEES TO HAVE VOICE IN MANAGEMENT

Danville, Virginia, July 14.—Thru a "house of representatives" and a "senate" the 5,000 employees of the Riverside and Dan River cotton mills Inc. will be given a voice in the conduct of the plant, it was announced today. The "house" and "senate" will be supplemented by a cabinet composed of executive officers of the mill with voting power.

PAVE WAY FOR CONSIDERATION OF PEACE TREATY

Committee Approves Measures Asking for Information

WASHINGTON, July 14.—Paving the way for detailed consideration of the peace treaty the senate foreign relations committee today approved three resolutions asking President Wilson for information bearing on the Versailles negotiations. The resolutions concern the Shantung settlement, an alleged secret understanding between Japan and Germany and the failure to recognize Costa Rica as a belligerent. That relating to the reported Japanese-German agreement will be called up for passage tomorrow in the senate chamber, where during today's session debate on the actual ratification of the treaty began with a dispatch of bitter determination on both sides.

Take No Action on Suggestion.

The committee took no action on President Wilson's suggestion that he explain directly disputed points of the peace settlement. The president reiterated to his supporters at the capitol his readiness to consult with the committee members. With several senators not on the committee he also discussed at the white house certain features of the treaty. In the resolution to be pressed for action tomorrow the president is asked for a copy of a treaty said in press dispatches to have been negotiated in 1918, by which Japan was to safe guard indirectly Germany's interests at the peace conference. Before voting it added a request for "any further information concerning any negotiation between Japan and Germany during the progress of the war."

Would Ask For Letter.

The Shantung resolution, introduced by Senator Borah, Republican, Idaho, would request a copy of a letter said to have been written on behalf of General Bliss, Secretary Lansing and Henry White protesting against the treaty provisions affecting Shantung. Information also would be asked with reference to the attempt of Japan or her peace delegates to intimidate the Chinese peace delegates.

The third resolution would inquire why Costa Rica was not permitted to sign the peace treaty and whether Nicaraguan forces are "now permitted" to invade or threaten Costa Rican territory. The measure was presented by Senator LaFollette, Republican, Wisconsin. Both the Lodge and LaFollette resolutions were reported without a record vote, but on the Borah measure all the Democratic members present voted in the negative.

Today's meeting of the committee was in executive session but Senator Hitchcock, Nebraska, the senior Democrat member, gave notice that he would move tomorrow that at future sessions the doors be opened to the public. Sentiment on the proposal is divided but some senators on both sides of the treaty controversy are understood to favor open sessions.

At tomorrow's meeting action also be sought on a resolution presented in committee today by Senator Johnson, Republican, California asking for all tentative drafts of the league of nations covenant presented at Versailles, particularly that presented by the American delegates and "all proceedings, arguments and debates" concerning the league as well as all data bearing upon or connected in connection with the treaty of peace with Germany.

Wilson Ready For Committee.

Senator Hitchcock, after a telephone conversation with President Wilson, told the committee that the president was ready upon twenty-four hours' notice to receive the full committee membership at any hour of the day at the white house and go over in detail any provision of the treaty or any question involved in the negotiations.

The senate debate was opened by Senator Swanson, Virginia, a Democratic member of the committee with a speech declaring American participation in the league of nations an absolute necessity to guaranteeing in the near future the reforms resulting from peace. He asserted there would be no less of sovereignty and argued that article tea would be a great aid in guaranteeing the safety of outlying American possessions.

The debate will continue tomorrow, Senator Norris, Republican, Nebraska and Senator Underwood, Democrat, Alabama, being among those who expect to speak.

LANSING SAILS.

Brest, July 14.—The steamship State Lansing on board left here for New York this afternoon. The ship was delayed a day in coaling. Secretary Lansing went on board Sunday morning after his arrival from Paris.

Wilson Attends Reception At French Embassy

WASHINGTON, July 14.—President Wilson and Mrs. Wilson tonight attended a reception given at the French embassy by Ambassador and Mme. Jusserand in observance of Bastille Day the French National holiday.

Guests at the reception in addition to the President and Mrs. Wilson, included Vice-President and Mrs. Marshall, the members of the cabinet and their wives, Speaker and Mrs. Gillett, and members of the diplomatic corps.

Responding to a toast to the United States by the ambassador, President Wilson said the United States had a deep feeling for France and the Fourth of July had come to mean more to the American people.

Ambassador Jusserand in a brief address referred to the peace treaty as a "colossal work" which altho not perfect in every detail perhaps would be productive of great results. Bastille Day last year, the ambassador said, was a day of "anxiety and faith" but this year it was celebrated in the exultation of victory over the German armies which twelve months before were sweeping toward Paris and at high tide of their advance.

President Wilson discussed the peace treaty at some length today with Senators King, Utah and McKellar, Tennessee, Democrats who were among half a dozen white house callers. It was understood that particular attention was given to the Shantung situation and after the conference Senator King said he was convinced this question eventually would clear itself.

Senator King called at the white house to urge the appointment of Abner McGinnis, a Salt Lake City lawyer as minister to Bolivia. Both he and Senator McKellar urged that Minister McMillan be given the rank of ambassador and continued as the representative to Peru. McMillan has been nominated by the president to minister to Guatemala and William E. Gonzales, minister to Cuba, has been nominated as ambassador to Peru.

The President suggested to the senators that they take the matter up with the state department.

While definite information regarding the itinerary of the president's forthcoming tour of the country still was lacking today, Senator King said it was his understanding that Mr. Wilson would speak in Utah.

RULING FAILS TO SETTLE STRIKE

CLEVELAND, O., July 14.—A ruling by Postmaster General Burleson late today that Cleveland's two telephone companies are not compelled to recognize unions among their employees under Order No. 3269 failed to bring settlement of the three-day strike of operators and electrical workers.

Union leaders declared the strikers would not return to work until the employees are granted union recognition and the right to bargain collectively with their employers.

ARREST GALICIAN JEWS IN BUDAPEST

VIENNA, Friday, July 11.—(By The Associated Press.)—Three thousand Galician Jews have been arrested in the streets of Budapest, according to advices received here today. Bela Kun, head of the Hungarian soviet government, replying to a Polish protest against these arrests declared: "Pogroms are bound to come here, but we do not want Hungarian Jews to suffer for the acts of the Galician Jewish speculators who infest this country. Also, we refuse to return money found on their persons."

URGES CONGRESS TO RE-ESTABLISH WORK

St. Louis, July 14.—Resolutions urging congress to re-establish the annual appropriation of \$10,000,000 for flood control work were presented at a meeting here today of the Mississippi levee association. The appropriation was reduced to \$6,000,000 after the United States entered the war.

PAST RESOLUTION.

Washington, July 14.—After brief debate the senate today passed a resolution by Senator McCormick, Republican, Illinois, providing for appointment of a committee to work out a plan for a national budget system. The committee will consist of six Republicans and four Democrats.

DECORATE GEN. ALLENBY

London, July 12.—General E. H. H. Allenby, commander of the British forces in Palestine, took Jerusalem in 1917, was one of a large number of British officers awarded the American Distinguished Service medal according to a list published today in the Official Gazette.

FAVOR SWISS ENTRY.

Berne, Sunday, July 13.—Edmund Schulteis, confeder before the congress of neutral experts here today discussed Switzerland's entry into the league of nations, giving arguments on both sides of the question. He concluded by saying: "I can only declare myself expressly in favor of our entry."

Issue Licenses For Trading With Germany

WASHINGTON, July 14.—General licenses covering import and export trading with Germany were issued late today by the war trade division of the state department with the approval of Acting Secretary Polk. Except in certain limited cases, provided under the treaty of peace, trading between the United States and Germany may be commenced at once.

The war trade division's action was in line with the order of the Council of Five at Paris lifting the economic blockade of Germany last Saturday. The formal notice by Acting Secretary Polk was accompanied by two sweeping orders, one abolishing the export conservation list and the other rescinding bunker restrictions which have prevented the coaling of vessels at American ports without licenses. Trading with Germany is expected to begin at once; three ships for Germany having been loaded in America and awaiting the issuance of the blanket license order.

Restrictions left in force affect trading between the United States and Hungary and with those sections of Russia controlled by the bolshevik. The importation of dyes, dyestuffs, potash, drugs, and chemicals which have been manufactured in Germany, even if they have been transported elsewhere before being shipped to the United States is still forbidden except when individual import licenses are secured to cover the movements. The importation of wheat and wheat flour also is banned to prevent the government price guarantee on wheat grown in the United States and the general license does not cover importation of sugar or of tin, in pig or alloy.

ORGANIZE MILLERS' EXPORT ASSOCIATION

CHICAGO, July 14.—The Millers' Export association was formed here today for the purpose, according to its members of lowering the price of flour to the domestic consumer at the expense of Europe. Millers from twenty six states were in attendance.

It is expected the association will comprise 300 of the country's biggest flour makers who deal in export trade. Millers whose trade is domestic may join. In explaining a probable reduction in the cost of flour to the domestic consumer, James J. Bell of the Washburn-Crosby company said: "At present the foreign buyers are organized in this country, and the millers, not being organized, are forced to make low prices to the foreign field at the expense of the domestic consumer."

"We aim to remedy this condition. We will have a price set by this association to which all exporting millers will belong. European buyers will have to meet our prices. When they do we can still turn out maximum production and give the domestic consumer a more equitable share in price reductions because we will be getting what our product is worth from European buyers."

PUT TRADE TIGHT.

New York, July 14.—A trade involving five players was put tight today by the Philadelphia and St. Louis National League clubs. St. Louis traded League Club Meadows and First baseman Jean Paulatte for Pitcher F. H. Woodward and Elmer Jacobs and infielder Douglas Baird. Meadows is famous as the only league player who wears spectacles while playing.

ARMED MEXICANS HOLD ENTIRE TOWN PRISONER

Band Takes All Males and Livestock from San Antonio, Mex.

MARFA, Texas, July 14.—The population of the little town of San Antonio, Mexico, has been held prisoner by a band of armed Mexicans since 6 o'clock last night, according to reliable advices received here today. Advices to military headquarters here were that the men were Carranza soldiers.

San Antonio is about six miles southeast of Presidio, Texas, and fifteen miles south of the border. According to the story brought here, the armed men, numbering more than seventy, surrendered the town suddenly late yesterday. They gathered all the residents into a group in the center of the town and confiscated all the livestock found in it or nearby. This afternoon all the male inhabitants of the town were segregated and soon afterward the armed band withdrew taking these men and the livestock. Their destination was not known tonight.

Report Murderers Executed.

Washington, July 14.—Murderers of a number of American citizens in Mexico have been apprehended and executed by the Mexican government, which thru expenditure of two thirds of the republic's revenues in the work of pacification is slowly restoring order, it was said today by Ygnacio Bonillas Mexican ambassador to the United States who has just returned to Washington after a month's visit at Mexico City.

The statement by the ambassador was the first announcement by any Mexican official of authority that any of the perpetrators of murders of American citizens which have been the subject of numerous representations to the Carranza government, had been captured and dealt with. The ambassador added that bandits and rebels in all parts of the country were laying down their arms and returning to their homes to till the land. To aid in the movement the government was distributing train loads of agricultural implements.

Mexico's first duty, the ambassador asserted was to put down insurrections and for that reason large sums of money were being spent in pacification. This work, he said, was slow largely because the government could not obtain sufficient arms and ammunition.

When the pacification of Mexico had been accomplished he said the revenue now devoted to this end would be used toward paying off the interest on the foreign debt.

PUBLISH PICTURES TRANSPORTED BY R-34

LONDON, July 14.—Photographs taken recently in the United States and brought to England by the dirigible R-34 and to London by airplane from Pulham are published by the morning newspapers. This is looked upon as the first step toward the prediction by Viscount Northcliffe that a quick interchange of news and photographs by aerial post was a possibility of the near future.

The photographs brought by the R-34 include President Wilson's arrival at New York, a view of the R-34 taken from an American airship as the British dirigible first approached Mineola and a snap shot of the first knock down in the Willard-Dempsey fight at Toledo.

The newspapers also published a photograph showing a four day old American newspaper being delivered at Buckingham Palace, the home of King George.

RECEIVE FIRST REFUGEE

New York, July 14.—The first refugee to be received at the Y. W. C. A. service center in Constantinople which was opened last week was a sister of Anna Pavlova, the Russian dancer, according to a cable message made public here today by the Y. W. C. A. war work council. The refugee had lost her husband, baby, seven brothers, father and mother during the war. After being cared for she left for England to join her sister.

PROFESSOR KILLS BURGLAR

Philadelphia, July 14.—A masked burglar was shot and killed by Professor Benjamin F. Shappelle, head of the department of romantic languages of the summer school of the University of Pennsylvania in the Alpha Chi Rho fraternity house here today.

House Refuses To Pass Daylight Saving Measure

WASHINGTON, July 14.—The daylight saving plan, under which the clocks of the country are turned forward an hour in March and moved back in October, will be continued indefinitely. This was assured today when following President Wilson's veto of the \$33,000,000 agricultural appropriation bill because of its rider repealing the daylight saving act, the house refused by a vote of 247 to 137 to pass the measure over the president's veto. Strength mustered by the repeal advocates was eight votes less than the necessary two thirds of the members present. Party lines were disregarded in the voting members from agricultural districts—the source of most of the opposition—favoring passage of the bill as originally enacted with representatives from the Urban districts opposed. House advocates of the repeal said tonight no further effort would be made at this session, perhaps not in this congress which continues in existence until March, 1921, to wipe out the daylight saving act. Senate leaders also indicated that no action would be originated in that body to repeal the act.

REPORT ARGO QUIET AFTER STRIKE RIOT

CHICAGO, July 14.—With five men and three women under arrest and 150 deputy sheriffs and special deputies patrolling the scene after a renewed rioting at the plant of the Corn Products Refining Company at Argo, Sheriff Peters announced tonight that the situation was well in hand. One woman and a man are expected to die, two others are seriously wounded as the result of the fight between strike sympathizers and non-union workers and guards of the Corn Products Company. Strikers, at a meeting today, expressed bitterness at the attitude of the deputy sheriffs and guards and blamed them for all the trouble. Joseph Bauns, president of the local union at Argo announced he had sent a telegram to John Fitzpatrick, president of the Chicago Federation of Labor who is in Washington to ask President Wilson to intervene in the strike.

GOVERNMENT TO AID CATTLE PRODUCERS

WASHINGTON, July 14.—The government is preparing to render financial aid to cattle producers of the country to stimulate beef production, Senator Kendrick, Wyoming, after a conference today with the war finance corporation and the federal reserve board announced that the corporation soon would issue a statement that it was prepared to make loans on proper security to corporations and individuals for the purpose of increasing beef exports. Governor Hanning of the board, told Senator Kendrick he would urge banks in the cattle growing districts of the west to help stock men in need of financial assistance.

TEN CANDIDATSS FILE PETITIONS

SPRINGFIELD, Ill., July 14.—Six Republicans and four Democrats who are candidates for election to the state constitutional convention which is to be held here Jan. 6, 1920, filed petitions today with the secretary of state. A total of 139 petitions have now been filed.

Included in the list filed today were the following names: Republicans—Bruce H. Garrett, Rockford; Harry H. Stahl, Freeport. Democrats—Edgar F. Fyke, Centralia; Albert E. Isley, Newton.

PARIS SCENE OF BASTILLE DAY CELEBRATION

Thousand Wounded Soldiers Lead Parade of Troops

PARIS, July 14.—(By the Associated Press.)—The triumphal march of allied and American troops through Paris began at eight o'clock this morning. The weather was brilliant, being more like October than mid-summer.

Wounded Soldiers Lead

A thousand wounded soldiers with crutches or in wheel chairs and in civilian clothes, led the parade, being preceded by a drum corps. Guns began firing at minutes intervals as President Poincare placed a wreath at the foot of the Cenotaph at the Arc D' Triomphe this morning. This empty basket, placed there in memory of the allied dead, was also decorated by other wreaths, those being placed by Premier Clemenceau, a French soldier, a French sailor, an Alsatian girl, a girl from Lorraine, and Col. Edmond Gros. This last wreath was in memory of 72 members of the La Fayette escadrille who lost their lives during the war.

Marshal Joffre, the victor of the first battle of the Marne, passed under the Arc D' Triomphe at 8:45 o'clock. He rode alone. Behind him came Marshal Foch, the commander in chief of the allied forces during the final campaign of the conflict. A storm of applause arose from the vast throng as the two marshals passed the president's stand and moved down the brilliant avenue.

Cheers Greet Americans.

Gen. John J. Pershing, with a number of American generals came next in line and was greeted with equal enthusiasm. Forty American organizations, soldiers and marines, marching with wonderful precision, were greeted by a sea of waving handkerchiefs and flags and with deafening cheers.

General Pershing rode at the head of the American troops which were separated from the French by a space of 300 yards. General Pershing's personal flag, a scarlet field with a row of four white stars, was displayed for the first time. It was borne by a wounded sergeant, riding directly behind the American commander in chief.

Behind General Pershing rode Major General H. G. Harbord, chief of staff, followed closely by three aides, Col. George C. Marshall, Jr., Col. John G. Querquemeyer, and Major Thurston Hughes. Behind these rode two army corps commanders, Major General Henry T. Allen and Major Gen. John L. Hines.

the forty fifth district comprised
of Sangamon and Morgan coun-
ties. It is likely that City At-
torney Albert D. Stevens of Spring-
field will be one of the Democrats
to make the race. Under the
law, delegates to the convention
are to be nominated and elected
in the same manner as are mem-
bers of the general assembly, two
from each senatorial district.

LOWDEN FOR PRESIDENT.

The Washington correspondent
of the Chicago Tribune says that
the political boom of Gov. Frank
O. Lowden has been officially
launched in a statement issued by
Representative Frank L. Smith,
chairman of the Republican state
central committee of Illinois. Mr.
Smith in his statement says:

"The people at large believe the
Republican party will be success-
ful in the next general election,"
Congressman Smith said. "This is
no secret, and it is more than a
partisan hope. One might say it
is the renaissance of the great

majority in every community.
Further, I believe it is reliance
upon Republican success which
induces the country to maintain
a pretty steadfast calm under
trying circumstances.

"We are burdened with a heav-
ier public debt than we ever
dreamed of; we are carrying
heavier taxes than we ever
thought to carry. But we pay and
wait for relief. There are occa-
sional bomb outrages and threats
of more, loose tongued radicals
are unusually frequent and their
prophecies are unusually wild.
But the great majority remain un-
terrified.

"Mexico is in a bad mess and is
not improving; our foreign rela-
tions are in general, to use a mild
word, unstable. Nevertheless the
country is not greatly excited.
Rather, in spite of many efforts—
some of them violent and a lot of
them hysterical—to get us excited
virtually all are sitting steady in
the heat and trust in the Republi-
can success in 1920.

"It is a mighty good thing for
the country that the people are in
this frame of mind. Otherwise
there might be a real menace in
the occasional bombs and the fre-
quent hysterical threats to over-
throw the whole structure of our
government. It is a mighty good
thing also, that the great major-
ity realize that the chief faults in
our government are administrative
and not fundamental; that a
change in administration is all
that is needed to bring the nation
back to normal and set it on the
road of progress. A change in ad-
ministration is easy to get. But a
fundamental change would be
calamitous.

"In these circumstances there
is a pretty heavy responsibility on
the Republican party—the se-
lection of a candidate who, when
elected, will come up to expecta-
tions. It is not the business of
party leaders, of course, to hand-
pick a candidate for the voters.
But I believe it is the business to
direct public attention to a proper
man—one who has the qualifica-
tions for the work cut out for the
next president. In other words,
the time has come for Republicans
to begin to talk candidates.

"Just now, when you begin to
talk candidates you flush a flock of
'favorite sons.' But it is my notion
that 1920 is not going to be a
good year for these. The times
demand more of the Republican
party than the nomination of a
candidate simply because he hails
from this or that state, or be-
cause it is hoped he can carry this
or that state which might other-
wise go Democratic.

"Pending duties of the next
president are too important to
permit any peevish or tempera-
mental state to dictate the nomi-
nation of a candidate, and besides
any state which threatens to go
Democratic if its 'favorite son' is
not chosen will probably stir up
such a fuss in finding a 'favorite
son' that it will go Democratic
anyway. So I think Republican
leaders should begin to talk
seriously about the man to be
nominated and not content them-
selves with paying compliments.

"The middle west has already
talked candidates, and we have
agreed upon one—Gov. Frank O.
Lowden. We offer him to the
party, not as a mere 'favorite son',
but as a man big enough for the
job. And we invite attention to
his record to prove our claim.

"Gov. Lowden has worked for
his living, and is governor of a
great state; he is a lawyer, and he
knows business affairs; he has sat
in congress, and he runs a farm.
Because he is of the middle west
he is inspired by the untrilled An-
glicanism of the Mississippi Val-
ley and has absorbed its com-
mon sense. Born in Minnesota,
brought up and educated in Iowa,
and now governor of Illinois, he
is of a section of the country
where a man has to make good on
his own hook before he counts—
and Gov. Lowden counts.

"While I have said, and believe,
that it doesn't matter what state a
man comes from, I think it does
matter a lot, this year, what sec-
tion of the country has produced
the Republican candidate. The
Mississippi Valley is the heart of
the nation; Illinois is the very
middle of the Mississippi valley.
It is almost the exact center of the
United States—north and south,
east and west. It is less subject
to foreign influences, and less in-
fluenced by foreign fears, than
either coast. The middle west is
entirely surrounded by the United
States, so our people naturally
work for and think of the United

States first. Gov. Lowden is of
the type this section produces
and his ideas, his habits of
thought and action have been
fashioned in an environment
which is purely American.

"Washington has been talking
a long time about a budget sys-
tem of appropriations. There is
no doubt it would save the coun-
try millions. Illinois talked about
the same thing a long time and
got nowhere, but when Gov. Low-
den was elected it quit talking
and got the system.

"There are fears here and there
of the L. W. W. and a potential
bolshyeviki. My own notion is that
the best bulwark against both is a
busy people and a normal condi-
tion of industry, thrift and pro-
gress. I sincerely believe that an
economical, capable administra-
tion of public affairs will be more
discouraging to the bolshyevists
and the L. W. W.'s than all the
laws that can be passed. But if
these radicals, for what there is in
it, and they are the ones who are
trying to stir up trouble—insist
upon their efforts to overturn our
government, I believe the record
of Gov. Lowden in Illinois is a
sufficient guarantee that their
case will be promptly and effec-
tively attended to.

"The middle west may not have
as many ambitions, financial or
social, as the east; it may not
have as many dreams, or night-
mares, as the west. But it has
decision and practical reason. Also
it has Americanism, and our for-
eign affairs will not be hurt by an
injection of that. It has horse
sense in getting done, under
which the application of horse-
ment might seem a mark of innova-
tion. I don't believe the country
would suffer from the treatment.
These things are the birthright of
the men of the middle west who
come to count, and we offer them
to the Republican party and to the
country in Gov. Lowden. Also we
invite the Republican leaders and
the people in general to fare as
far as they please and see if they
can fare better."

Rippling Rhymes
By Walt Mason

Outdoors.

I have a home that's pretty
slick, a mansion made of wood
and brick; the window panes are
mostly glass, the doorknob is of
costly brass. And there are
screens to keep out flies, and in
the pantry are pies, and electric fans
sick to a breeze when torrid
summer days displease. Oh, there
a man in peace might rest and
feel that he was doubly blest, if
he had sense enough to stay in
that large dwelling refreshingly.
But summer makes a man insane,
some doodle-bug infests his brain;
he leaves his mansion for a shack
in sylvan glade or mountain track,
he scraps with bugs thru weary
nights, and suffers from mosquito
bites; he packs his wood from
distant piles and carries water
nineteen miles, and lives on beans
and has no pies. I have a
home that's slick as grease, and
there, if sane I'd live in peace,
all modern comforts at command,
and bowls of ice cold fizz at hand.
But here I sit in a cheap coop,
where mountain lions round me
whoop and drink warm water
when I'm dry, and never see a
white man's pie; I'm burned and
blistered by the sun, and try to
think I'm having fun.

ALLIGATORS ABROAD:
LOCK UP THE CHICKENS

A new pest has appeared in
Jacksonville according to Edward
Massey of West Lafayette ave-
nue. Early Monday morning Mr.
Massey heard a commotion in his
chicken house and upon investi-
gation found an alligator about
three and one half feet long try-
ing to get the chickens. Mr. Mas-
sey killed it and took the carcass
to the car shops where he is em-
ployed to prove his story. If
anyone has missed a pet alligator
they probably can get information
about it from Mr. Massey.

LIEUT. SWEENEY

HERE FOR VISIT

Has Fifteen Days' Leave and Is
Visiting Parents, Mr. and Mrs.
D. E. Sweeney—Was Overseas
Nearly Two Years.

Lieutenant John Sweeney, who
has just returned from nearly
two years service overseas arrived
in the city Monday evening for a
visit with his parents, Mr. and
Mrs. D. E. Sweeney, of 922 South
First street.

The lieutenant was sent to
Camp Dix upon his arrival in
New York City and has been hop-
ing that he would receive final
discharge. However, it has been
held up and he was given a fifteen
day leave with privilege of addi-
tional time if he desires it. He is
expecting to be able to get his re-
lease from service soon.

Enlisted in Detroit,
Lieutenant Sweeney enlisted for
service in Detroit with the medi-
cal branch of the army. The unit
was soon sent across and during
his entire stay in France, with
the exception of the past few
months, he was attached to the
36th Base hospital.

The unit landed in France in
October, 1917, and was located
south of Toul. In February, 1918,
he was commissioned First Lieut-
enant. He was the only officer
with the unit who was not a medi-
cal man and therefore he had
plenty of work, being in charge of
the office work, and also chronic
officer of the day.

Lieutenant Sweeney's old unit
sailed for home in January, 1919.
Three lieutenants who were not
married were selected for detach-
ed service and he was one of
those selected. They were sent to
Toulon on the Mediterranean. It
was there, Lieutenant Sweeney
said, that most of the war was
fought, after the signing of the
armistice and it was much more
pleasant than the fighting during
the war.

Met Sister Overseas.
While in France the lieutenant
had the pleasure of visiting Paris
on several occasions. He met his
sister, Miss Elizabeth Sweeney,
who is doing Knights of Colum-
bus work in France, in Paris a
short time ago. It is needless to
say that this was one of the most
pleasant events of his overseas
service.

Lieutenant Sweeney sailed from
Marseilles, June 12, and landed in
New York, June 28. He was sent
to Camp Dix. He said last night
that it seemed there was an extra
effort being made to get all of the
American forces home at the
earliest possible moment. A week
ago Lieutenant Sweeney said
there were 21,000 men waiting at
foreign ports for vessels to carry
them home.

While Lieutenant Sweeney had
some wonderful experiences
abroad, he is like other American
boys, glad to get back. It is need-
less to say that his parents also
are overjoyed that he has re-
turned safely from his long ser-
vice abroad.

**OIL ROAD FROM
ALEXANDER TO THIS CITY**
The oiling of the main road be-
tween Alexander and this city was
begun Monday, two carloads of
crude oil having just been re-
ceived at Alexander. The work
is being done by the county mot-
tor truck. The farmers living
along the road joined in raising a
fund and this together with the
amount voted by the county com-
missioners made possible the work
at this time. The entire distance
is to be covered with a plentiful
coat of oil and the road will thus
be in excellent condition for the
rest of the season.

Returning
Soldiers—

The value of the mental, moral and physical training
you received in the army will prolong your life
and make you a better man—in other words, the
army taught you how to take care of yourself.

You now return to civil life—you now have to put
into practice the skill and force of character you
have acquired.

Take the matter of clothes—the uniform you wore
was standard cloth, carefully inspected, carefully
made—and when you got it and put it on you were
required to keep it 100 per cent clean and fit.

Your certificate of discharge—at my shop—entitles
you to a substantial cash discount. This is my per-
sonal contribution to the financial problem of the re-
turned soldier—it does not apply to the regular cus-
tomer.

When you put your hand down in your pocket this
time and PAY OUT YOUR OWN MONEY FOR A
SUIT, why not do what the army did—inspect the
cloth, inspect the making, inspect the fit—in other
words, put into practice what the army taught you.

START RIGHT—About the first thing a returned
soldier has to do is to buy a civilian suit. I am try-
ing to show these intelligent men that their chance
of getting a job and holding that job depends trem-
endously on their personal appearance.

In the army you were taught not to DUCK, but to
stand up and face problems—face this one right,
with intelligence, judgment and the purpose to do
the best you can for yourself.

RETURN FROM THE C. E. CONVENTION

Misses Anna Frances Bradley and Amelia Carlson returned Sunday evening from Bloomington where they went as delegates to the Christian Endeavor convention, representing the society of Central Christian church. Clarence L. DePew of this city was also in attendance.

The sessions began on last Thursday and continued through Sunday and the local delegates report a most inspiring time. They were entertained in the elegant home of ex-Governor Pifer, and here they met Mrs. Lewis, the mother of Mrs. Pifer. This remarkable woman shows a most unusual interest in the various activities of the present day although she has reached the age of ninety-seven years.

The various social functions given in connection with the convention were of a most enjoyable kind, and altogether the meeting was a very profitable and pleasant one. The many phases of Christian Endeavor work were discussed at the various conferences and meetings and the delegates were able to glean much of value from each session.

AN ORDINANCE.

AN ORDINANCE providing for acquiring the lands necessary in the construction of an impounding reservoir for storing water for the use of the City of Jacksonville, and its inhabitants.

Whereas, the City Council of the City of Jacksonville, and by ordinance duly passed on the 20th day of May A. D. 1918, provide for the construction of an impounding reservoir and filtration plant on the south branch of the Mauvaisterre Creek; and

Whereas, the dam for impounding the water is now being constructed; and

Whereas, it is necessary that the lands will be overflowed and otherwise used in the construction and maintenance of said impounding reservoir be acquired either by purchase or condemnation or otherwise;

Therefore, BE IT ORDAINED by the City Council of the City of Jacksonville, Illinois,

Section 1. That the City of Jacksonville, Illinois, by its proper officers, proceed to acquire by purchase or condemnation under the Eminent Domain Act of this state, or otherwise, all the lands necessary to be used for overflow and other purposes in the construction of the impounding reservoir now in process of construction on the south branch of the Mauvaisterre Creek near the City of Jacksonville.

Section 2. That the City Attorney be, and he is hereby authorized and directed to institute and conduct in the name of the City of Jacksonville, Illinois, any and all suits and proceedings under the Eminent Domain Act of this state that may be necessary to acquire by condemnation the lands necessary for said reservoir purposes where the city is unable to agree with the owner of the lands upon the compensation to be paid for or in respect of the property sought to be appropriated or damaged for the purpose of said reservoir.

Section 3. Whereas an emergency exists, this ordinance shall be in full force and effect from and after its passage.

Passed by the City Council of the City of Jacksonville, Illinois, at a regular meeting held on July 7, 1919.

Approved July 7, 1919.
E. E. CRABTREE, Mayor.
R. L. PYATT, City Clerk.

Winchester, July 14.—Sol Hainsfurther has disposed of his shoe stock and left Sunday for Minnesota. He expects to become a traveling salesman for a shoe firm. Mrs. Hainsfurther will continue the ready to wear and millinery department.

Arthur Grace, wife and daughter of St. Louis, who have been the guests of Warren North and family, left for their home Sunday afternoon.

There will be an ice cream social at the Hart school house east of town Wednesday evening, for the benefit of the Sunday school which is held there.

Mrs. W. C. Kuechler returned to her home Monday afternoon from Jacksonville. She reports Mr. Kuechler as improving nicely. Robert Mason has purchased the property of P. D. Smith on South Main street.

M. W. Sappington has purchased the property of Mrs. Effie Parks on Cherry street.

Many will be surprised to know that Mrs. Amanda Barnes and her sister, Miss Lizzie Hawk, will soon leave the Transient House, as they have purchased the property of William Kirkpatrick. Mr. and Mrs. Newton Dawson expect to have charge of the hotel. Mrs. Barnes and her sister have been in charge of the hotel for the past twenty-seven years. They have made many friends, as they have always been courteous to their patrons and will be greatly missed there. They will carry with them the best wishes of many to their new home. Miss Louise Frost has returned from a delightful visit in Akron, Ohio, and she also attended a class reunion at Wellesley.

Mrs. Nannie Wieser Savage of Roodhouse has been a guest at the home of Mr. and Mrs. George Smith for the past two days.

Grant Coultas has purchased the property of D. F. Parr on East Jefferson street, which is now occupied by Frank Mason and family.

The H. T. A. will hold a burgoon and picnic at the Monument grounds August 7.

The annual burgoon of the Methodist church will be held August 13 at the Monument grounds.

HARRY M. TICKNOR

The Things to Look for in Your Laundry

Back in the time of "mangles" and "bleaches" you didn't expect much more from your laundry than a sort of rough and ready cleansing service.

But now when wash day troubles bear upon you and you seek a laundry that will give your family bundle the considerate attention that it deserves, you want—Inconspicuous marking of clothing, washing without wear, sousing and rinsing in suds and soft water, ironing without scorching; no rents and missing buttons; sweet cleanliness; immaculate finish, definite delivery; courtesy—and moderate prices.

These are the ideals upon which the "SLOW AND CAREFUL" Laundry has developed its Finished Family Wash Service.

Where Can I Find Relief from ng, Terrifying Eczema?

This Question is Ever on the
Lips of the Afflicted

Eczema, tetter, erysipelas, and other terrifying conditions of the skin, are deep-seated blood diseases, and applications of salves, lotions and washes can only afford temporary relief, without reaching the real seat of the trouble. But just because local treatment has done you no good, there is no reason to despair. You simply have not sought the proper treatment, that is within your reach. You have the experience of others who have suffered as you have to guide you to a prompt riddance of blood and skin diseases. No matter how terrifying the irrita-

tion, no matter how unbearable the itching and burning of the skin, S. S. S. will promptly reach the seat of the trouble and forever rout from the blood every trace of the disease, just as it has for others who have suffered as you have. This grand blood remedy has been used for more than fifty years, and you have only to give it a fair trial to be restored to perfect health.

Our chief medical adviser is an authority on blood and skin disorders, and he will take pleasure in giving you such advice as your individual case may need, absolutely without cost. Write today describing your case to Medical Department, Swift Specific Laboratory, Atlanta, Ga.

DRY FORCES TAKE FULL CONTROL IN HOUSE

(Continued from Page One.)

tee, leader of the prohibition fight was counted with leaders of the minority. This was an amendment by Representative Benson, Democrat, Maryland, to change the word "liquors" to "beverages."

It was contended that it would permit the sale of flavoring extracts, hair tonics, and the like, against which a fight had been made in committee because of the reported tendency of some folk to drink them.

The vote was 86 to 76. The other amendment made a slight change in the bill's wording.

In lifting his voice for two and three quarters beer, Representative Rainey, Democrat, of Illinois, declared these were uncertain times, that the people were in a peculiar frame of mind and that poverty was causing more misery than alcohol. He brought a volley of applause from the "wets" when he expressed the hope that the president would veto the enforcement bill because of its drastic provisions.

Feeling Gets Bitter.

The feeling between the factions got so bitter at times that the usual courtesy of permitting a member to revise and extend his remarks was denied. Prohibition members objected when Representative Reber, Republican, Pennsylvania, who had made a strong plea for beer, wanted to add something he was deprived of saying his allotment of time. Mr. Reber had intimated in his speech that some members were not altogether truthful as to their drinking habits, declaring that so far as the 2 3/4 per cent beer was concerned he had taken two drinks of it, hand-running and it had no more effect than so much water. He added that he never drank a gallon of beer in his life, and simply took this much the other day to see if it would make him drunk.

Emphatic appeals for modification of the bill's drastic provisions were made by Representatives Dyer, Igoe and Gard, Democrat of Ohio, all members of the judiciary committee.

Mr. Igoe declared the situation was the most unusual ever presented to the house. All other war time legislation he said, had been repealed or expired, without attempt to extend it, yet congress was attempting to assert that the war still existed so far as the sale of liquor was concerned.

The chair was unable at times during the speech of Mr. Gallivan to preserve a semblance of order and the galleries joined in the uproar.

Standing in the center aisle, the Massachusetts member waved his arms like a baseball pitcher warming up for a game and shouted:

"There are members who are not as 'dry' as the statements on this floor might indicate and in their homes is liquor enough to last them twenty years."

Instantly the house set up a cry "name them," "name them." "If they weren't such good fellows I surely would," Mr. Gallivan replied.

MRS. HENRY STRYKER DIES THIS MORNING

Well Known Resident Passes Away After Long Illness—Funeral Arrangements Have Not Been Made.

Mrs. Henry Stryker died at her home on West College avenue this (Tuesday) morning at 1:15 o'clock. She had been in failing health for several months.

Mrs. Stryker was the daughter of Henry B. McClure, one of the attorneys of the early days in Jacksonville and was in her 81st year.

She was united in marriage to Henry Stryker, October 16, 1866. Besides her husband she is survived by two daughters, Mrs. W. T. Capps of this city and Mrs. Joseph Hart of Cincinnati, Ohio. She also leaves two grandsons, the children of her daughter, the late Mrs. R. C. Taylor of Virginia.

Mrs. Stryker was a member of Trinity Episcopal church. She was a woman who was devoted to her home and family and whose ideals were of the highest. Her going will be the cause of general regret in the community.

No arrangements have been made for the funeral.

ARMY BALLOONS FORCED TO LAND

OMAHA, Neb., July 14.—Fighting all night with savage thunderstorms over Iowa, Minnesota and Wisconsin, all four of the army balloons which left Fort Omaha Sunday evening in an attempt to set a new record for both height and distance were forced to land Monday morning. Their instruments put out of commission by electrical disturbances and their ballast exhausted. No new records were established and the aeronauts were fortunate in landing safely.

Balloon No. 1 landed near Rowley, Iowa, 223 miles northeast of Omaha; Balloon No. 2 landed near Portage, Wis., about 400 miles northeast of Omaha; Balloon No. 3 landed near Greene, Iowa, about 250 miles northeast of Omaha; Balloon No. 4 was forced down near Ringstead, Iowa, about 200 miles northeast of Omaha.

Pilot Stevens reported a terrific battle with a cloudburst. Balloon No. 2 reported a maximum altitude of 12,500 feet.

ASSOCIATION WILL START CAMPAIGN

CHICAGO, July 14.—A campaign to promote the purposes of the association opposed to national prohibition and also to repeal the search and seizure law of Illinois and of all other states having such a law will be started at once, according to J. Clarke Waldrey, assistant managing director of the Chicago and Mid-West division at a dinner of the association tonight. The association is incorporated under the laws of New York to "promote temperate use of alcohol and opposed to any movement prohibiting or limiting the use of tobacco."

Mr. Waldrey said that the eighteenth amendment to the constitution would be defeated by honorable methods.

REPORT SEVERE STORM IN KANSAS

KANSAS CITY, Mo., July 14.—Reports tonight from Bartlesville, Okla., that Independence, Kan., had been visited by a destructive tornado, were followed by reports from Joplin, Mo., and Okmulgee, Okla., that Independence had escaped but that a severe storm had passed north of the place. Efforts to reach Fredonia, Neodesha and Chanute, Kan., from here and from Independence failed late tonight. The storm, Independence, appeared over these towns.

At Independence the wind was high but did no damage.

TOBACCO HABIT
DANGEROUS

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotol. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and lo! the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.—Adv.

MISS WILLARD ACTIVE
IN CENTENARY WORK

Miss Winifred Willard of Denver, Colo., is making a brief visit in Jacksonville and is at the Dunlap. Miss Willard spent the days of her childhood here in Jacksonville and afterward the family became resident in Denver, where Dr. Willard is still prominent as a practicing physician.

There are many people in Jacksonville who remember Dr. Willard and his family with both interest and pleasure. During his residence here while active in his profession Dr. Willard found time to take part in all movements for the betterment of Jacksonville. He was closely identified with the work of Methodism here and a short time before changing his residence to the west was mayor of Jacksonville. As chief executive of this city he made an excellent record.

Miss Willard is now in Jacksonville on a special mission for the Centenary movement of the Methodist church. The visitor has the distinction of being the only woman who has been actively associated with the Methodist Centenary business organization. It was because of Dr. J. W. Hancher's acquaintance with Miss Willard and his knowledge of her special qualifications along some lines that she took up the work. That Miss Willard has more than met the expectations of the centenary committee is evidenced by the fact that the period for which she originally entered the work is now past more than two months and she has not yet secured her release.

While in Jacksonville Miss Willard has the opportunity of renewing friendships formed more than twenty years ago but which have by no means permanently lapsed.

ENLISTMENTS AUTHORIZED FOR NAVY

Any young man between the ages of 17 and 35 years may enlist in the navy for a period of either two, three or four years. This is for men who have had previous service or to men who are going in on their first enlistment. The same ratings are open as heretofore and the war pay is effective by the passing of the naval bill July 11, 1919. Get at least four boys together and a man from the navy recruiting station at Springfield will come and enlist them. Only one man will need to write and let us know that there are at least four who want to enlist. Free transportation will be given to them to the main station for enlistment. Either write or apply to the Navy Recruiting Station, Springfield, Illinois. Will be in Jacksonville Post Office Tuesday, July 22nd.

WILL GO TO LELAND, MICH.
Mr. and Mrs. Andrew Russel and daughters and Stuart Russel, infant son of Capt. and Mrs. Stuart Russel, will leave this morning over the Wabash for Michigan. At Traverse City they expect to meet Capt. and Mrs. Stuart Russel and the party will then proceed to Leland, Mich., for a stay of several weeks at the Russel cottage. Capt. Russel will be demobilized from the army service at Camp Custer, Mich., this morning. Mr. and Mrs. Robina Russel of New York will be in Leland at a later date.

MORE BONDING POWER GIVEN TO CITIES

LEGISLATURE MADE CHANGE IN ASSESSMENT PLAN

One Half Instead of One Third Now the Basis for Calculations—Various Changes in Tax Rates Explained by Attorney General Brundage.

There has been a great deal of discussion since the legislation adjourned with reference to action taken on tax and revenue measures. It has been generally understood that legislation action changed the equalized valuation from one-third of the assessed valuation to one-half.

However, there was some doubt as to just the action taken and a summary of revenue measures provided by Edward J. Brundage, attorney general, was received in Jacksonville. Although the laws passed by the general assembly have not yet been issued by the office of the state printer the inquiries have been so numerous that the attorney general issued this pamphlet in order to answer some of the questions.

The legislature did make the change mentioned and assessment for taxation will hereafter be made on one-half of the valuation instead of one-third. One of the principal effects will be to increase the bonding powers of cities for the law specifies that the bonding power shall be five per cent of the assessed valuation.

In round numbers the total valuation of property in Jacksonville is \$13,300,000 and according to past methods \$4,400,000 would be the basis for the computation of taxes and the issuance of bonds. Taking five per cent of this amount indicates a bond limit for Jacksonville of \$220,000.

Under the laws now existing the basis of valuation is \$13,300,000, which means \$6,650,000 and 5 per cent of this amount means \$332,500. Thus the law has provided for an increase of bonded indebtedness of \$112,500. There has also been a great deal of questioning as to the action taken with reference to municipal taxes. It is generally understood that a law was passed providing that cities may levy a tax of \$2 instead of \$1.20 for municipal purposes.

From a reading of Mr. Brundage's explanation it seems that the law specifies for cities of this size that the municipal tax shall not be more than \$1.32 1-3 on the \$100 of valuation. However, when this is calculated in connection with the increase in assessed valuation it amounts to a \$2 rate on the one-third valuation. This means that under the law authorities of Jacksonville can levy a tax of approximately \$88,000,000 whereas in the past the municipal tax has been approximately \$52,000.

In other words, the amount of funds now available in Jacksonville from general taxation if the city council chooses to take advantage of its authority will be about \$36,000 greater than heretofore. The council has the authority to anticipate on this amount if it so desired which means that at this time the council could issue anticipation warrants for about \$27,000, in addition to the anticipation warrants that have already been drawn.

It is understood that when the tax levy ordinance was drawn by the previous council that the levy was made on expectation of the revision of the law which has taken place. But even if this action was not taken there remain still a number of weeks during which the present city council could pass the tax levy in accordance with the present law.

It will be noted from a reading of the law that it is the duty of assessors who have not turned over their books to the board of review to change the assessment figures from one-third to one-half. If the books have already been passed over to the board of review it will become the province of the board to make the changes. Grant Graft, county treasurer and assessor, and his deputies have not turned over the books to the review board and will consequently now make the changes in assessment which the law specifies.

General Statement
In view of the numerous inquiries being received by this department asking for information concerning various acts passed by the 51st General Assembly amending certain provisions of the Revenue Act, and to fix the rate of tax levies by different taxing bodies, I have thought best to prepare a general statement that will in the main be applicable to the greater number of such inquiries.

Paragraph 311 of the Revenue Act, being section 17 of the Act of February 25, 1898, to provide for the assessment of property, was amended to provide that the assessor shall set down the fair cash value of all items of personal property in a column headed "full value" and ascertain, and assess the same at one-half part thereof, which amount is to be set down in a column headed "assessed value," which is to be the assessed value for all purposes of taxation.

Paragraph 312 of the Revenue Act, being section 18 of the Act of February 25, 1898, as amended, provides in substance that the "assessed value" of personal property and real estate for the purposes of taxation shall be one-half the full value instead of one-third the full value.

While said paragraphs as amended apply to assessments made for this year, it will not be necessary to make a new assessment; all that is necessary is that the values in the column in the assessors' books headed "assessed value" be changed from one-third to one-half the values set down in the column headed "full value."

change the assessed value from one-third to one-half of the full value. Where the books have gone to the Board of Review, I think it should make these changes in the proper columns.

Under said paragraphs as amended it will be the duty of the county clerk in making up the collector's books to extend all taxes on a valuation of one-half instead of a valuation of one-third as heretofore.

Various Provisions Amended
In view of the increase in valuation, upon which taxes are to be extended by reason of the Act amending said paragraphs 311 and 312, the legislature, in order to prevent excessive tax levies, amended various provisions of the statute fixing the tax rates that may be levied by the different taxing bodies throughout the State, so that the actual amount of taxes that a taxpayer will have to pay on a valuation of one-half will in most instances, be but a fraction, if any more, than was paid under prior rates on a valuation of one-third.

In calling attention to the various Amending Acts which reduce the rate of taxes that may be levied by the different taxing bodies, I will mention specifically only Acts which apply to and affect the general run of taxing bodies, such as apply to county taxes, city and village taxes, road and bridge taxes and school taxes. Section 121 of the Revenue Act is amended to provide that taxes levied for county purposes shall not exceed a rate of fifty cents for ordinary purposes, instead of a rate of seventy-five cents, the former rate.

Section 1 of article 8 of the Cities and Villages Act, as amended, provides that cities of 150,000 population or over may levy a rate not to exceed a dollar and forty three and one-third cents, while cities and villages having a population of less than 150,000 are permitted to levy a rate not to exceed a dollar and thirty-three and one-third cents on the hundred valuation.

Section 56 of the Road and Bridge Act, as amended, provides that taxes levied by commissioners of highways for ordinary road and bridge purposes shall not exceed a rate of sixty-six cents on the hundred valuation; and sections 59, 108, 112 and 126 are amended to provide for reduced tax rates thereunder.

The School Law.
Section 189 of the School law is amended to provide that directors and boards of education may levy taxes for school purposes, of one per cent for educational purposes and one per cent for building purposes. It is provided, however, that in case directors or boards of education desire to levy more than one per cent for educational purposes, that they may levy for such purposes more than one per cent, but not to exceed one and one-third per cent and for building purposes such percentage that the aggregate levy shall not exceed two per cent. It is provided too that by a vote, upon a proposition, stating the rate to be levied, a rate in excess of one and one-third per cent, but not to exceed two per cent may be levied for educational purposes, and for building purposes such percentage not exceeding one per cent, but that the aggregate levy for educational and building purposes shall not exceed two and two-thirds per cent.

It is not the purpose of this pamphlet to specify in detail the various Acts passed, reducing the tax rates that may be levied by the different taxing bodies. It is only intended to give in a general way, an explanation of the Act amending said paragraphs 311 and 312 of the Revenue Act, providing the taxes are to be levied on an assessed value of one-half instead of an assessed value of one-third, and to call attention to the fact that the legislature while increasing the valuation upon which taxes are to be extended, has in most instances reduced the rate of tax levies. Such reduction in tax rates apply to all the various objects for which taxes may be levied by all different taxing bodies throughout the State. In most instances such rates are two-thirds of the rates heretofore authorized to be levied on a one-third valuation. Concerning the rate that may be levied for any specific purpose other than above specified, it will be necessary to refer to the Session Laws for 1919, which are in course of compilation by the Secretary of State, who will publish same at the earliest date possible.

Edward J. Brundage,
Attorney General.

ALD. GEORGE MOORE IS CHOSEN MAYOR PRO TEM

Will Perform Duties of Chief Executive While Mayor Crabtree is Out of the City—Routine Business Transacted.

Ald. George A. Moore was elected May Pro Tem at the regular meeting of the city council held Monday evening. Ald. Moore will perform all of the duties pertaining to the mayor's office during Mayor Crabtree's absence from the city.

Aside from the selection of Ald. Moore as Mayor Pro Tem the council transacted only routine business. Considerable discussion was indulged in relative to street intersections and the matter was finally referred to the highway committee with power to act.

Ald. Moore Mayor Pro Tem. Roll call showed all members present. Ald. Flynn nominated Ald. Moore for Mayor Pro Tem. There were no further nominations and the clerk declared the nominations closed and on roll call Ald. Moore was chosen. In taking the chair Ald. Moore thanked the council for the honor and said he would try to preside fairly and to the best of his ability.

The minutes of the last regular and adjourned meetings were read and approved as read.

Ald. McGinnis for the public improvement committee reported that Mrs. Koenig had laid a walk in front of her property on North Mauvaisterre street, but that other property owners had not laid any so that her walk was of little use. She asked the council to see that other property owners build walks adjacent to their property.

Ald. McGinnis seconded by Ald. Cain moved that an ordinance be drawn for sidewalks on the west side of North Mauvaisterre street between East North and East Washington streets. On roll call the motion carried by a vote of seven for one against, Ald. Flynn voting no.

Street Intersections.
Superintendent of Streets White called the attention of the council to the need of putting in intersections where property owners were building walks. Mr. White said the walks were of little value if they were not joined up with intersections.

This brought up quite a lot of discussion. Ald. Flynn was of the opinion that the city should build intersections or else stop compelling property owners to lay walks. Ald. Flynn also said he was opposed to the present method of compelling a man who had a little home to put down walks and thus work a hardship on him. The alderman voiced the belief that all public improvements should be paid for by general taxation. The matter was finally referred to the highway committee with power to act.

There being no further business the council on motion adjourned.

TWO WILLS PLACED ON RECORD MONDAY

Capt. J. E. Wright Provided Annuities in Distributing Estate—Will of Green Dalton.

The will of Capt. John E. Wright has been filed in the office of County Clerk G. L. Riggs. This will was made June 18, 1918, with David Wilson and W. H. Self as witnesses to the signature. C. Justus Wright is named executor to serve without bond and Mrs. Martha Masters is appointed guardian of the minor children of Minnie Strang, deceased daughter of Capt. Wright.

By the terms of the will the residence property at 1123 South Diamond street is willed to the wife of the deceased, for her lifetime, and at her death is to become the property of the daughter, Mrs. Martha E. Masters. To his wife the testator bequeathed all notes and cash on hand at the time of his death. It is provided that Donald, John, Helen, Eloise and Martha Strang, children of the deceased daughter, shall each receive an annuity of \$65 until they reach the age of 35, and at that time each is to receive the principal sum of \$1300. In the event of the death of any of these children their share is to be given to the survivors.

An annuity of \$200 is also provided for the wife of the deceased. These annuities are to serve as liens on the lands described as the west half of the southwest quarter of section 9, and the south half of the southeast quarter of section 8, township 13, range 10. Capt. Wright bequeathed 80 acres of land described as the north half of the northeast quarter of section 16, township 13, range 10, to his daughter, Martha E. Masters. It is provided that after the terms of the will already described have been carried out, that the remaining property shall be divided share and share alike, between the son and daughter, Martha E. Masters and C. Justus Wright.

Will of Green Dalton
The will of the late Green Dalton has been filed for record in the office of the county clerk. By the terms of the will all the property is left to the wife of the deceased during her lifetime. At her death Leonard Dalton as executor is to divide the property, both personal and real, among the legal heirs of the testator. The witnesses to the signature of the will are S. S. Covey and W. F. Covey.

MRS. YAZZIE CURTIS ATTEMPTS SUICIDE

Member of Carnival Company Drank Carboic Acid After Quarrel With Husband—Is at Our Savior's Hospital—Will Recover.

Mrs. Yazzie Curtis, colored, whose husband is with the carnival company which showed here last week, is a patient at Our Savior's hospital as a result of taking carboic acid with suicidal intent Sunday afternoon.

Mrs. Curtis so the story goes, had a quarrel with her husband Sunday and it is said that he slapped her. She went to a drug store after the quarrel and purchased a small bottle of carboic acid and then went to the residence of Will Robinson back of the city hall.

Here she evidently took the acid and left the house before it took effect. When the police were notified they found her lying in Broadway alley. Dr. Duncan was called and the woman was removed to Our Savior's hospital where she was given the necessary attention. Later her husband and the manager of the Carnival company arranged for her care at the hospital.

She probably will be all right again in a few days and will then rejoin the company which is showing this week at Pittsfield.

MISS WILDER MARRIED
IN BLOOMINGTON

The marriage of Miss William Wilder and Mr. Charles Meredith Hubbard of St. Louis was solemnized Sunday, July 13, at the home of the bride's parents, Rev. and Mrs. William H. Wilder in Bloomington. The bride is well known here, as she was a student at the local high school at the time her father was pastor of Centenary M. E. church.

After the family removed from this city Miss Wilder was a student at Wesleyan and later studied at the Woman's college in Baltimore, graduating from the latter institution with high honors. Miss Wilder was also for a time connected with the Hayes Training school at Washington, D. C., her father serving as superintendent of the institution at the same time. Several years since Miss Wilder became connected with a school of civics and philanthropy in St. Louis.

Mr. and Mrs. Hubbard will reside at 2221 Locust street, St. Louis, where they will be at home to their friends after September 15. A large number of Jacksonville residents will be interested in the announcement of this marriage event and will unite in sincere good wishes at this time.

The word SERVICE is the strongest word in automobile usage—it means most to the dealer and owner.

If every purchaser of an automobile were to secure the service which he anticipates the day that he buys it, he would never drive any other make of car. But why the frequent change of cars with each consequent depreciation?

Was his car too hastily built,—

Quantity production instead of quality production?

Was it because his car was neither finished nor properly tested at the factory? Some automobiles receive no driving test. Some cars are built in such quantities that it is impossible to secure sufficient number of conscientious, efficient testers to test them properly.

Consider the established fact, that the car or cars exemplifying the highest quality in each respective class of automobiles are produced in factories of comparatively small production.

Dixie cars are built as you would build a car for your own use. Each car is subjected to an exacting road test.

Dixie cars are built according to an established standard of quality,—every car must qualify according to the standard test before delivery is permitted.

A Dixie owner continues a Dixie owner, satisfied that he is the owner of the "Car of Service Unexcelled."

CITIZENS EXPRESS VIEWS ON CITY'S FINANCIAL PROBLEMS

Since the statement about the finances of the city was published Friday the condition shown has been the subject of general discussion. It is generally recognized that the situation is one which should be met and met soon. The council has asked that citizens discuss the question thoroughly and offer all possible suggestions. The Journal will gladly give space to brief statements or communications on this subject. Below are the views of a few citizens:

Dr. T. J. Pitner.
"I am glad to see that there is a movement on foot looking toward cleaning up the city's indebtedness and putting it on a self-supporting basis. Of course, some of us feel that our taxes already are high, but the city's recently published statement of conditions shows that something must be done and we citizens must pay whatever is necessary. "I would say that a bond issue seems to be the most feasible with some plan for an increased equalized tax to take care of it and the city's expenses. As to the details of such a plan, that would have to be worked out by experts after a thorough study had been made of requirements and what could be taxed. I should say that there might be a vehicle or wheel tax, including a local auto tax. I believe also that a considerable and proper source of revenue has been overlooked by

the city in that the street railway and telephone companies are not required to pay for the use of our streets, alleys, etc."
Dr. H. C. Woltman.
"I have not given the matter a great deal of study or thought. I realize the city's financial condition and that something must be done. It would appear that a bond issue is the proper course to take. I believe also that the public utilities operating in Jacksonville should be required to pay for the privileges they enjoy. As to what other local taxes might be legally imposed I can't say. I don't believe the contribution plan would accomplish permanent benefit."

Dr. G. R. Bradley.
"If there is a justifiable reason for a city being in a bad financial condition, that condition must be overcome. If it requires a bond issue to get out of it, then let us have the bond issue with a sinking fund provided in some manner which will take care of it. "I would not object to any legitimate means for ridding the city of its indebtedness and getting it on a self-supporting basis, but I would want to thoroughly understand what is needed and why, and would want to know that any taxation made was absolutely fair and equitable. Other cities derive revenue from their public utilities, such as the street railway and telephone companies, which I understand we do not."

J. W. Fox.
"It's a big problem that the present city administration has to consider, and I sympathize with them. Personally I do not believe that another bond issue would carry; nor do I believe it would be right to put through another. Here's the plan that I am in favor of: our floating indebtedness is better than \$130,000, and about \$16,000 is needed to operate the fiscal year; assess this indebtedness pro rata against the property owners of the city; the amount against any one person would not be prohibitive and I, for one, would be glad to pay my share."

"Make one such assessment and get it over with and give our city a chance. As to current operating expenses, I believe we overlook many legitimate opportunities, such as street railway and

When The Day Is Over

When the household cares and the worries of everyday life have dragged you down, made you unhappy, and there is nothing in life but

ache, backache and worry, turn to the right prescription, one gotten up by Dr. Pierce fifty years ago.

Everything growing out of the ground is intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his study as a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakness, bearing-down pains, irregularities, pelvic inflammations, and for the many disorders common to women in all ages. Dr. Pierce's Favorite Prescription made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root and virgin grape root. Dr. Pierce knew when he first made this standard medicine, that whiskey and morphine are in vogue, and so he has always kept them out of his remedies. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it, in liquid tablet form.

telephone company franchises, occupational taxes, etc. I have no prejudice in the matter and would be glad perhaps if there was no such thing as a tax. But our city must be run, we must have protection and privileges, and all such things cost money. Our personal opinions do not count much at such times; we must do what seems best."

Homer Hasby.
"I am opposed to certain taxes such as a wheel and auto tax, but under present exigencies and if properly administered, I am in favor of any tax necessary, yes, even to a tax on bakeries. I think probably a bond issue is the best under the circumstances, to rid our city of its debt, get it on a going basis and find out actually if it can be run properly on its present income. If not, then study and investigation will have to indicate what steps should be taken. In short, I am in favor of anything that will serve the purpose, but I want it to be fair and equal to all, and I believe that now is a time when our public utilities should be called upon to pay their just share."

Thomas Armstrong.
"I would much rather see an assessment of the amount needed than a bond issue. With a bond issue the thing is never done and it is saddled upon future generations not responsible. An assessment would provide quickly the necessary funds to wipe out all of the city's indebtedness, and for this year's estimated shortage in operating expenses and our new water plant, and be very light on each of us who is here to enjoy it all."

V. R. Riley.
"Personally I am not a resident of the city proper, but we are deeply interested in the city's welfare and most earnestly wish to see it on its financial feet, and we are willing to do our just part to that end."

Dr. C. E. Scott.
"I am in favor of a bond issue and afterward any tax necessary to provide for interest on these bonds and their retirement—an occupational tax, wheel and auto tax, dog license, etc., and also think the Railway and Light Company and telephone companies should be called upon to pay their just share."

CHARLES A. OBERMEYER PASSED AWAY SUNDAY

Well Known Resident of Alexander Dies Following Operation for Appendicitis—Formerly Resided Here.

Charles A. Obermeyer, a well known resident of Alexander died at his home in that town Sunday evening at 7 o'clock following an operation for appendicitis. Mr. Obermeyer submitted to the operation last Wednesday and for a time seemed to improve. However, the disease was too far advanced and a turn for the worse finally resulted in death.

Deceased was the son of William F. and Lucy Edmonson Obermeyer, and was born in Winchester, February 8, 1879. He resided there for a number of years when the family moved to Jacksonville. During his residence here Mr. Obermeyer was in the employ of the city for a time, and also was chief engineer at the high school.

In 1917 Mr. Obermeyer became associated with Mr. Greenleaf in the elevator at Alexander under the firm name of Greenleaf and Obermeyer. He was meeting with great success in his work. He was united in marriage June 28, 1899, to Miss Myrtle Six. Besides his widow he is survived by three children, Clifford R., Morris D. and Maxa Allyn Obermeyer, all residents of Alexander. He also leaves his father, W. F. Obermeyer of Chicago; two sisters, Mrs. C. R. Slack, Chicago; Mrs. D. H. Hickman, St. Louis, and one brother, Fred Obermeyer, Chicago.

Mr. Obermeyer was a member of the Baptist church and of the Elks, I. O. O. F., A. F. & A. M., and of Hospitalier Commandery Knights Templar. He was a man highly respected by all who knew him, for his honesty and integrity. Funeral services will be held from the residence at 10 o'clock Wednesday morning in charge of the Rev. J. A. Betcher. Burial will be in Diamond Grove cemetery.

Seasonable underwear and night wear for men are shown by FRANK BYRNS Hat Store.

FIRE ALARM SUNDAY

The fire department was called to the residence of Ralph Stringham at 11:30 o'clock Sunday morning. Some trash burning in the yard had communicated with a brush pile near the barn and for a time it looked like some damage might result. The fire was extinguished with no property damage.

WILL HOLD PICNIC

The Ladies Aid Society of Centenary church will hold a picnic supper at the home of Mrs. T. H. Buckthorpe on the Moravia road Thursday evening, July 17th. A full membership of the church is expected. All those having cars, please meet at the church at 6 o'clock in order to take the people out.

Mrs. George L. Rose and daughter Helen returned to their home in this city after a week's visit with friends in Pike county.

CUBS TAKE SECOND GAME FROM BRAVES

Excellent Pitching by Vaughn and Poor Work by Boston in the Outfield Give Game to Chicago.

Boston, July 14.—Chicago took the second game of the series today 5 to 3, largely due to poor work by the Boston outfield and excellent pitching by Vaughn. The score:
Chicago... 200 101 100—5 9 2
Boston... 000 000 300—3 9 2
Batteries—Vaughn and Kilfer; Demarse, Cheney and Gowsky.

Brooklyn, 3; St. Louis, 1.
Brooklyn, July 14.—Four hits and Konech's fly gave Brooklyn three runs off Ames in the first inning, enough to beat St. Louis by 3 to 1. Ames steadied after that and was highly effective. Mamaux fanned eight men and allowed four hits. The run off him was due to his own fielding error. The score:
St. Louis... 100 000 000—1 4 2
Brooklyn... 300 000 000—3 10 3
Batteries—Ames, Goodwin and Dilhoefer; Mamaux and O. Miller.

New York, 6; Pittsburgh, 4.
New York, July 14.—New York regained the lead in the National League here today, defeating Pittsburgh in third game of the series, five to four.

The Giants won in the third inning, knocking Miller out of box. Four of the runs were scored on four hits. Causey and Winters also were easy for Pittsburgh, but Dubuc held the visiting batters in check. Only one Giant reached base on Carlson, who succeeded Miller in the third inning. The score:
Pittsburgh... 003 000 001—4 10 1
New York... 014 000 007—5 7 1
Batteries—Miller, Carlson and Schmidt; Causey, Winters, Dubuc and McCarty.

Philadelphia, 8; Cincinnati, 1.
Philadelphia, July 14.—Cincinnati lost first place today as the result of an 8 to 1 defeat by Philadelphia. The locals bunched hits in the third and sixth against Luque and Mitchell driving both from the box. The score:
Cincinnati... 000 100 000—1 7 2
Philadelphia... 003 005 007—8 9 1
Batteries—Luque, Mitchell, Fisher and Rariden, Allen; Paca and Clarke.

Chicago, July 14.—Manager Hamilton of the Peoria Baseball Club was indefinitely suspended by President Kearney of the Three I League tonight pending investigation of his attack on Umpire Daley at Evansville yesterday.

Why Brunswick Tires Win Preference

There are two main reasons—one, the name itself, which certifies superfine value—the other, that time tells the same story.

Thus reputation and performance unite in giving you all you expect—and more.

Yet Brunswicks cost no more than like-type tires. Many motorists would pay more readily, but the Brunswick idea is to GIVE the utmost, rather than to GET the utmost. And this has been true since 1845. You can appreciate what Brunswick Standards mean by trying ONE Brunswick Tire. It will be a revelation. You'll agree that you could not buy a better, regardless of price.

And, like other motorists, you'll decide to have ALL Brunswicks. Then you'll know supreme satisfaction from your tires—longer life, minimum trouble, lower cost.

Want to Feel Just Right?

Take an NR Tonight

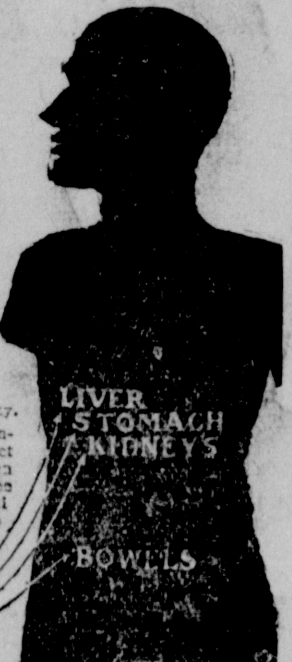

JUST TRY IT AND SEE how much better you feel in the morning. That "lousy" headachy, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.

TROUBLE IS, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, oil, salts, calomel and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And, what a relief! You'll be surprised to find how much better you feel—lighter, better every way. If habitually or stubbornly constipated, it's one NR Tablet each day for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that will be sufficient to keep your system in good condition—keep you feeling your best.

INDEPENDENTS WON DOUBLE HEADER SUNDAY

Defeated Barkley Team of Peoria 5 to 2 and Virden Nationals 5 to 4—Ruble's Hitting and Christopher's Fielding Featured Both Games.

Local fans were treated to a double header Sunday afternoon when the Independents took two games. The first game was with the Peoria Barkleys and was won by a score of 5 to 2. The second was with the Virden Nationals and was won by a score of 5 to 4.

There was not much to the first game the visitors being clearly outclassed. But for a circuit clout by Seldon in the third with one on the Peoria bunch would have been shut out. Charlie White was not in the form he showed the previous Sunday but he still had enough to fool the Peoria batters.

The game with the Virden team was a hard fought contest. It looked for a time as the Virden was going to win but in the ninth with the score tied Harry Clark hit to deep center for two bases. Padgett much to the surprise of the visitors and also himself hit a Texas leaguer to center. Windy Richardson the Virden catcher then paved the way for Jacksonville's victory by overthrowing first base trying to pick Padgett off and both runners moved up a peg. Ruble then laid the ball down and Clark scored the winning run.

The game was marked by some good and bad fielding. Mahan at third had a bad day and seemed to fall down every time he tried to field, hit the ball or run the bases. The hitting of Ruble who got a home run in each game, the fielding of Christopher, Briggs and Wheeler and Wheeler's baserunning featured both games. Clark gave Padgett great support in the second game.

First Game.
Jacksonville scored enough runs to win in the first inning. After retiring the visitors in order, Ruble hit one over the fence for a home run. Wheeler doubled to third on Mahan's infield single. Mahan stole second. Wheeler scored and Mahan took third while Seldon was throwing out Briggs. Mahan scored on Christopher's single. White's walk, singles by Ruble and Mahan and a passed ball added two in the second.

Peoria tallies came in the third. Isaac singled and went to second on Schoff's sacrifice and scored with Seldon when the latter hit one over the left field fence.

Second Game.
In the second game Virden started the scoring in the first inning. Virden has one of those old fashioned hitting teams and most of the time they just walked up to the plate and took a good healthy swing at the ball. The only time they did anything else was in the first inning. P. Neighbors was safe when Mahan muffed his fly. The infield was looking for a hunt but Rich-

ardson crossed the plate and hit one a mile a minute past Wheeler for two bases and Neighbors scored. There was nothing doing then until the third when Jacksonville took the lead. Clark was safe on Boyd's error and took second on a wild pitch. Padgett struck. Ruble hit one over the left field fence scoring Clark ahead of him. Virden tied the score in her half of the fourth. C. Neighbors singled and stole second. Boyd struck out and Shearin was out on an infield fly. Oros singled and C. Neighbors scored.

Not satisfied with tying the score Virden came back in the fifth and apparently put the game on ice the way the pitchers were working. After Peacock had struck out and Briggs had made a great one-hand catch of P. Neighbors' liner over second, Richardson reached first when Mahan fooled his roller. Conlin doubled and Richardson took third. C. Neighbors doubled and both runners scored. Boyd ended the inning by striking out.

Clark was first up for Jacksonville and hit to center for two bases moved to third on Richardson's wild throw over first base and scored on Ruble's sacrifice. The scores:

7 A DAY FOR 7 DAYS
If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

G. Turpin of Havana was called to the city on business yesterday.

BUSINESS MAN SINGS PRAISE
"I suffered for years with stomach trouble and gas continually. Doctors thought I had stomach ulcers or cancer. After last attack they advised going to Rochester, Minn., for an operation. A friend advised trying Mayr's Wonderful Remedy, which I did, and I can't sing its praises too highly, as I can now eat anything and everything." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

INDIGESTION

Caused by

Acid-Stomach

Millions of people—in fact about 9 out of 10—suffer more or less from indigestion, acute or chronic. Nearly every case is caused by Acid-Stomach.

There are other stomach disorders which also are sure signs of Acid-Stomach—belching, heartburn, bloating after eating, food rotting sour, gas, flatulence. There are many ailments which, while they do not cause much distress in the stomach itself, are nevertheless, traceable to no acid stomach. Among these are nervousness, biliousness, crickets of the liver, rheumatism, impoverished blood, weakness, insomnia, indigestion and a long train of physical and mental ills which keep the victims in miserable health year after year.

The right thing to do is to attack these ailments at their source—get rid of the acid-stomach. A wonderful medicine recently introduced, EATONIC now makes it easy to do this.

One of hundreds of thousands of grateful users of EATONIC writes: "I have been troubled with indigestion for about twenty years and have spent quite a sum for medicine, but without relief. After using EATONIC for a few days the gas and pain in my bowels disappeared. EATONIC is just the remedy I needed."

We have thousands of letters telling of these marvelous benefits. Try EATONIC and you, too, will be just as enthusiastic in its praise. Your druggist has EATONIC. Get a box from him today. He will refund your money if you are not satisfied.

Paris, July 11.—The national
council of miners federation is
issued a manifesto today asking
all groups affiliated with the or-
ganization to observe the pro-
posed twenty four hour general
strike July 21. The strike was
advocated as a warning to the au-
thorities, who, it was said, are
doing nothing to prevent the cost
of living from increasing and
nothing to prevent food specula-
tion.

OUR 39th ANNUAL JULY SALE BEGAN

WEDNESDAY, JULY 9th--ENDS SATURDAY, JULY 19th.

The Sale That is Generally Recognized as One of Jacksonville's Greatest Sales.

Never in all our experience has it been so difficult to prepare for a sale of this kind at this season. That prices are advancing almost daily is a matter of common knowledge. The cost of raw material has doubled in the past four years. The cost of dyeing, too, has more than doubled, and the labor cost in the making has trebled. Under such conditions the gathering together of such a vast collection of dependable merchandise to sell at such sensationally low prices is an achievement of which we feel justly proud.

The prices are so low in the light of the present market, that the values are actually better relatively than those offered in past years.

Important Notice

Because of the great variety and the limited quantity of some kinds, we cannot accept mail or phone orders or make charges in this sale. No goods on approval. We limit amounts in some cases.

For weeks and months past we have scoured the markets, meeting with disappointment at almost every turn. For a time the difficulties seemed insurmountable, but our annual sale must be held and tremendous sacrifices on our part, together with the co-operation of some of America's leading dealers have at last made it possible. Indeed so extraordinary are these offerings that we feel safe in predicting the greatest July Sale in our history. Shrewd buyers will supply their needs for the entire summer and fall in this wonderful sale. We cannot too strongly urge you, therefore, to be on hand early for first selections.

You May Choose From a Vast Variety of High Class Merchandise in Every Department
